PRINCIPAL'S MESSAGE

Congratulations students and staff!

The 1982-83 school year at S.C.I.T.S. has been a tremendous success. Reading through this year-book will show you that we have been number one in many areas.

How did this happen?

It happened because talented students and staff from Central joined with their excellent counterparts already at S.C.I.T.S. and made it happen.

May I thank everyone for their contributions in turning a unique situation into a positive educational experience.

We met a challenge and won!

D. McCahill

VALEDICTORY ADDRESS

Honoured guests, ladies and gentlemen, fellow graduates:

The time has finally come. We are now graduates of S.C.I.&T.S. I'm sure there were many times when you thought the moment would never come, especially during some of Mr. Arthurs' classes. For many of us, it is the end of our high school careers. We are here with mixed emotions. It is saddening to think that it is actually over, yet we realize that we are one step closer to our ambitions. It is at this time that I, as representative of all of the graduates of the 1982 class, give the valediction.

A valediction is a farewell, it is time for us to say good-bye and to "commence" with a new life — be it higher education or the working world.

This is our moment to give thanks to those who saw us through our high school days, during both the good and the bad times.

Firstly, we must thank our parents. They gave us their help and asked nothing in return. Thanks for all of the little things that add up to mean everything.

Next we must thank our teachers. You did more than instruct, you became part of the class, not someone standing apart from it. You became our friends, someone who listened to our troubles and became someone to joke with. You are very special to us and we will always remember you.

It is also time to thank our classmates. These are the people who put up with you when you were in a bad mood, the people who gave you half of their lunch when you forgot yours, and the people who answered the questions you couldn't — preferably not during a test.

Tonight may be the last time we are all together. It is an evening for talking about all of the good times we have shared. There were so many of them that we could go on for hours. So on behalf of the graduating class, I would like to ask the parents not to expect us home until really late tonight.

Think back to five years ago when we first arrived here. There was a schoolful of new experiences waiting for us. We learned important lessons inside and outside the classroom. We learned that school was what you made of it. Think of the times you couldn't find our classroom or you couldn't remember your combination.

Remember the first time you fell up the stairs? With three floors here, I think all of us have done that at least once.

Think of the way you acted back then. It's really hard to believe that we were really like that at one time.

By grade ten, we were starting to get the hang of things. We knew the school well enough that if a minor niner asked us for directions, we could send him as far away as possible in the opposite direction. We also went to football games to watch our Bombers snatch defeat from the jaws of victory.

We became seniors in grade eleven. The grade nines seemed to be getting smaller and smaller each year. We didn't realize it, but we were growing up. Most of the guys were shaving regularly — you know Mr. Bennett is still waiting for that day.

By grade twelve, we were very accustomed to the school. Mr. Alexander's bright ties no longer bothered our eyes on those dreaded Monday mornings. There were field trips, although most of them were to Canatara during lunch time. These were usually followed by trips to Mr. Farrar's office where we explained our absence.

Then came grade thirteen. We had finally made it to the top. We set the "perfect" example for everyone else to follow. By now we had become key figures in the Revue, the Drama club, and the Lambton Arms club. We had real class, it used to be the Bal Moral club.

There was Mr. Scott's intramural program where teachers and students could participate together — and most of the time looked equally ridiculous.

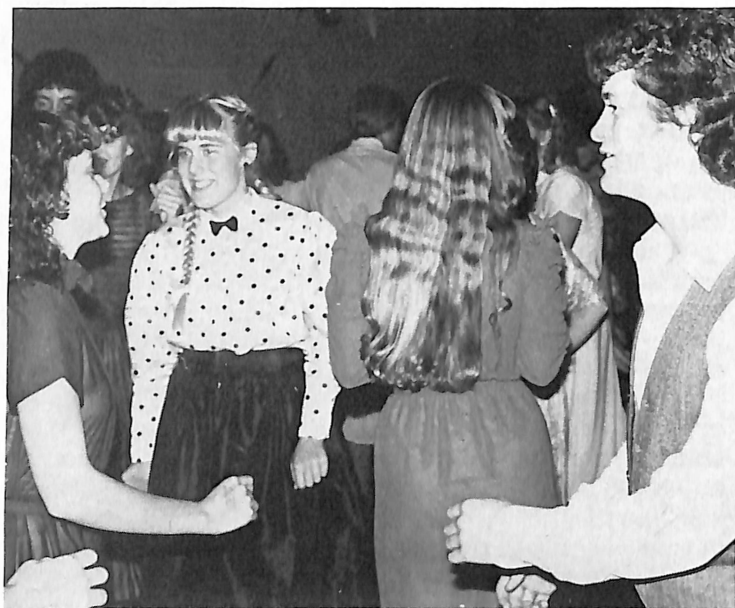

There were decisions to be made about our futures. We were aided by our guidance department who put up with all of our changes of mind.

By this time, we had built strong bonds between our friends, the staff, and the school. We developed spirit. This spirit gave life to the school and brought us together as one. This spirit took you to football games in the rain, and win, lose, or draw, you would be back to watch the Blue and White next week.

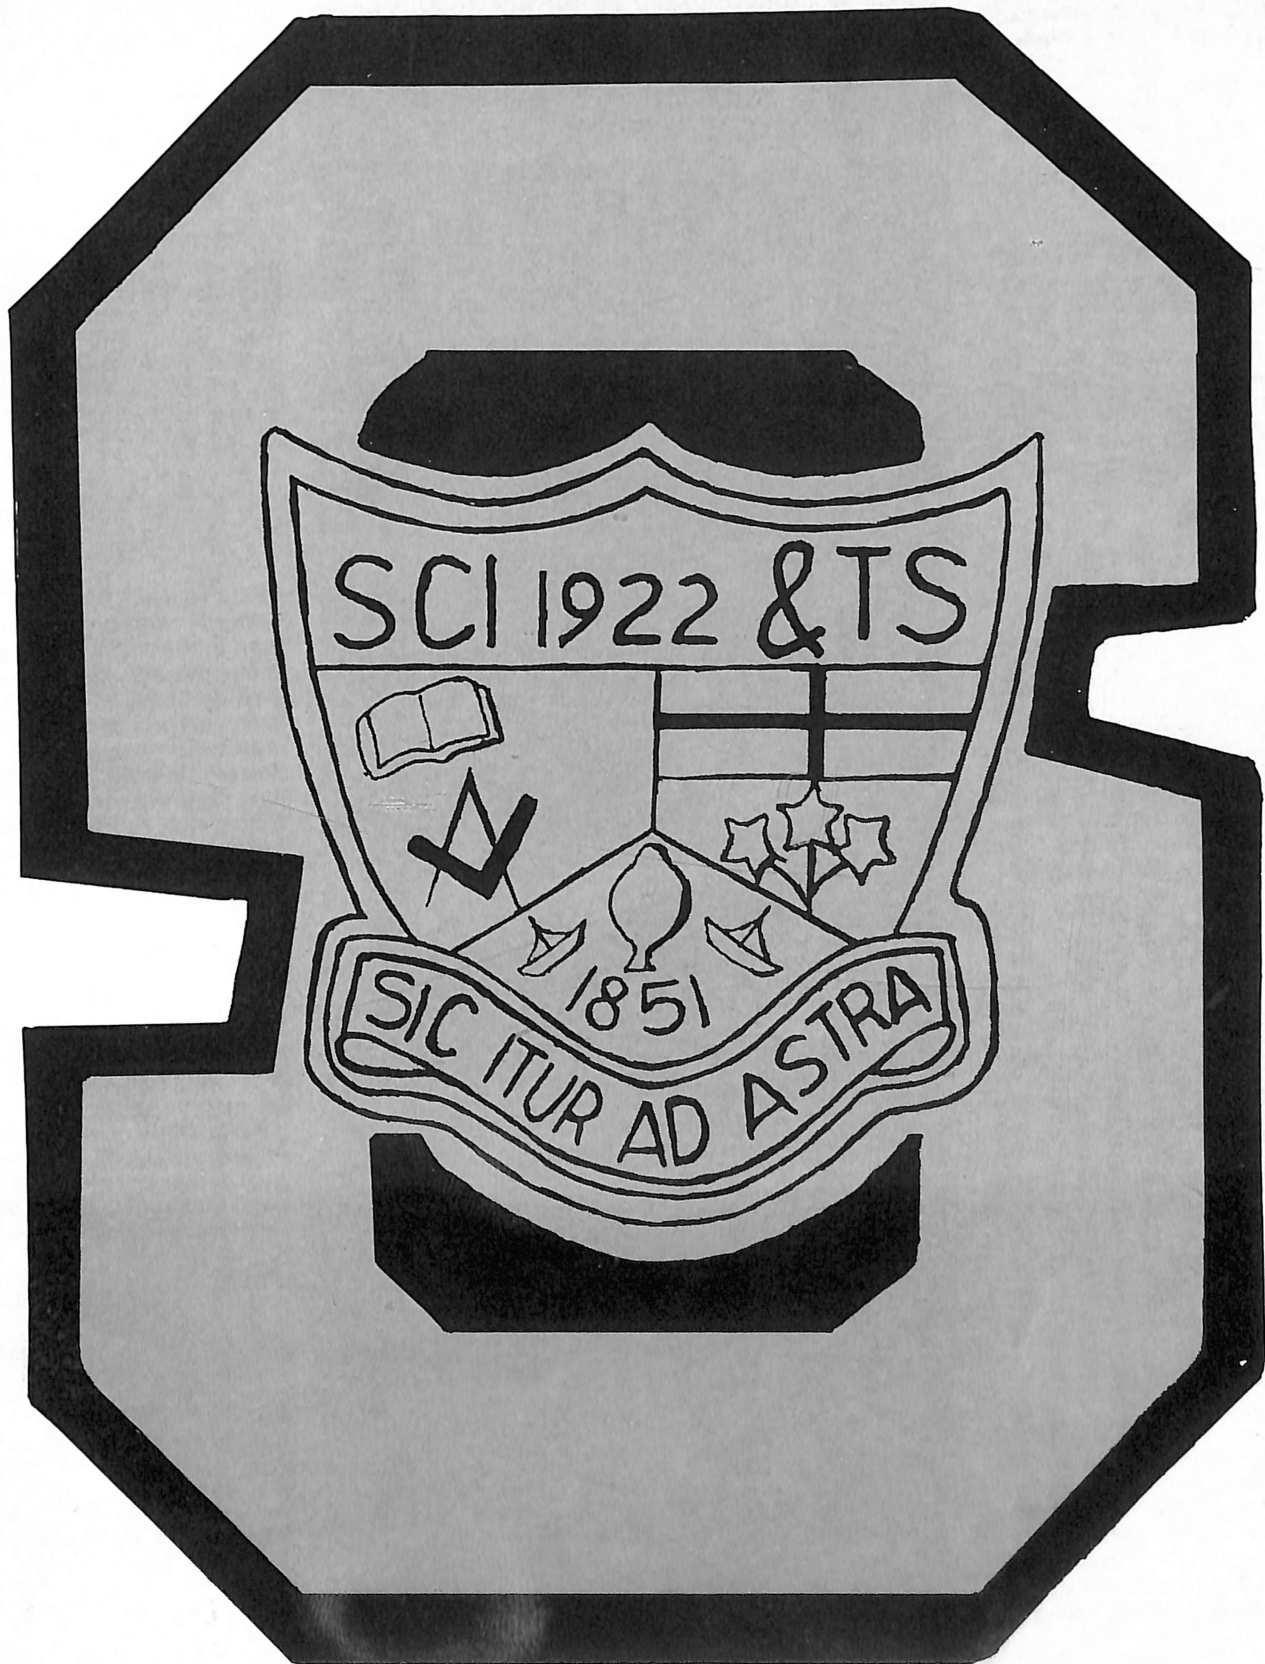

Along with this spirit came a confidence and a drive to succeed no matter what the odds. It is the spirit to "Reach for the Stars". There has been sixty years of that spirit here, don't let that spirit die. Remember where you came from. It will help you to get where you are going.

COMMENCEMENT DANCE

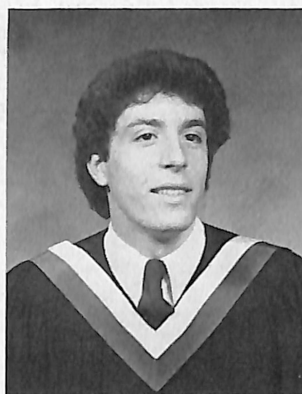

HONOUR GRADS

JOE ARCURI

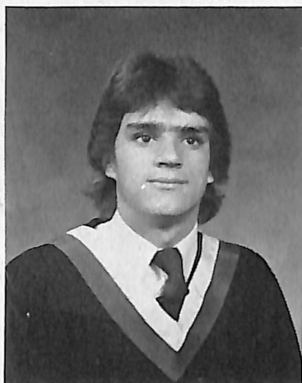

"Josep" can often be seen roaming the halls trying to sell memberships to "Olympus". When not doing this, he can be found wrestling Mike Stone in the bathtub or sitting on the bench calling Mr. McClellan a #!?!%. Joe hopes to go into business selling homemade wine or study Engineering at Western.

**JUDY ARTON**

Judy and "Tug" had quite a battle for attendance but, unfortunately, the battle ended when Judy left us in January. Although Judy loved her Functions and Calculus, she thought it best to leave to pursue a career in modelling.

DAVE BALDOCK

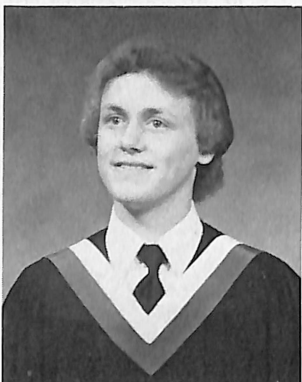

"Billy B.", as he is more commonly known, has gone through five years of high school as the class clown. If there is laughter in the classroom, Dave can be found in the middle of it. When not pulling the wool over "Big Bob's" eyes, Dave can be found leading the Hangar Birthday club around or running into John B.'s garage.

**CHRISTINE BALL**

After five years at S.C.I.&T.S., Christine is moving on to bigger things. That is Waterloo, complete with weights, herbs, piano, and Peter. Her hobbies have been the band, biology, and hanging around the Shell docks. Christine plans to become Sarnia's first Naturopath.

DAVE BARR

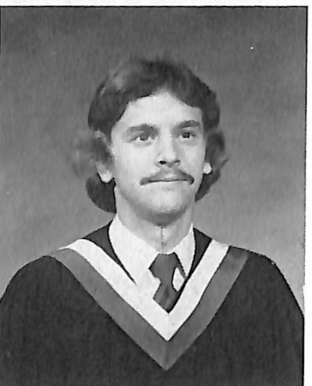

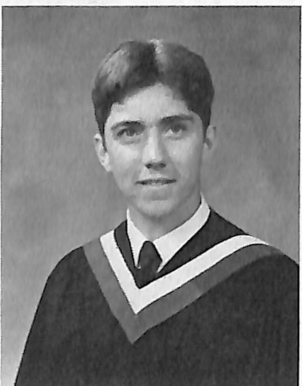

Dave is a loyal member of the Hangar Birthday club. Dave specializes in beautifying passed-out people on weekends. If he is not listening to AC/DC, he may be found at the drive-in trying to prove that he is of age. Dave plans to attend "U of L" in the fall.

**EMMA BENNETT**

Better known as "Rabbit" to some, Emma is a witty, intelligent, pretty young girl with that funny English accent that every "good-looking" guy seems to love. Some of Emma's friends are Shakespeare and Monty Python. She proved to be quite a thespian as an avid participant in the S.C.I.&T.S. Drama club and Sarnia Little Theatre. Her pastimes are organizing books in a library, "slinging chicken" at K.F.C. and Dave.

LLOYD BLONDIN

Lloyd is the kind who would be late for his own funeral. Why not? He is late for most of his assignments. People who ask for Lloyd's help usually wind up in a bigger mess. Lloyd will seek a job in the technology field. Lloyd also hopes to get his pilot's license.

**TIMOTHY BOYCE**

Tim, better known as the "Common Man", is a fixture at S.C.I.&T.S. He is often seen lurking about the school. After hours, Tim can be seen delivering drugs for Nell Pole Pharmacy. His post-secondary plans are either to expand his drug business or to become involved in law enforcement.

SHERYL BROCK

Sheryl has been active in school activities over the past five years and has annually achieved the highest studies. She plans on attending the University of Waterloo, to major in Computer Science.

**SANDY BRUSH**

Sandy, "Scrub", prides herself on her appearance. She is off to Fanshawe to major in Fashion Design, and should do well. Her smiling face and perky personality will be missed by her teachers, especially Mr. Arthurs.

LESLIE CATER

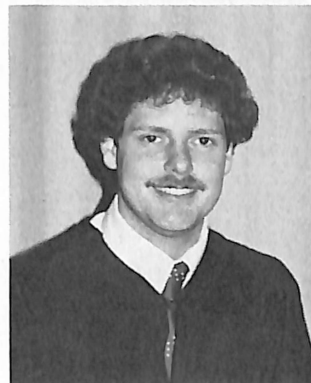

Lil is our friendly grade thirteen meat wrapper. Besides keeping extremely neat notes, Leslie excels in showing her age-of-majority card at "The Station". Next year, Les expects to attend Fanshawe to become a Respiratory Technologist.

**BETH CRUICKSHANK**

Beth always knew when it was "Prince Spaghetti Day", due to the fact that she was attached at the hip to a male Italian belly-dancer. Her only regret in leaving high school is that she can't take Mr. Deol with her. Beth hopes to attend school for Nursing.

TIM CURRAN

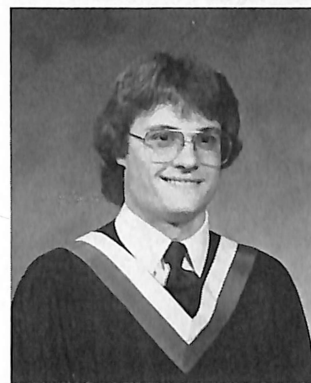

Tim, an import from Central, has become a familiar face at S.C.I.&T.S., particularly in the cafeteria. Tim is a busy person, but most of his time is spent thinking up the snappy comebacks for which he is famous. Tim wishes to attend any post-secondary school that will take him.

**CATHY DEAN**

Although this was Cathy's first year at S.C.I.&T.S., she made many new friends. She is recognized for her artistic abilities. Her closest friends know that her third-base slides into mud puddles could get her into the Major Leagues. Cathy hopes to seek a career in Interior Design.

MONTY DENT

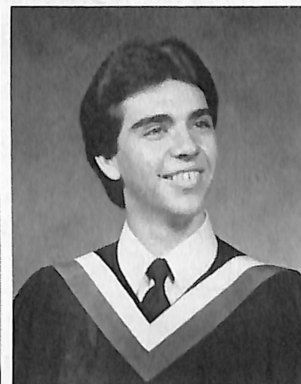

Monty has earned a reputation as the only person who could understand Mr. Strang. Monty found reading more enjoyable than using his pencil in all of his classes. He plans to be a model for Sears' casuals in the future.

**DIANNE DRUMMOND**

"Little Ditty", "Little Dirty", "Lil Dit" are a few of Dianne's many nicknames. Although Dianne seems to be sleeping through all her classes, she is really thinking up more indecent sayings to spread around the halls. Dianne's energies are directed towards all sports even though she's going to major in Fine Arts at university next year.

DARLENE DUNK

Darlene always has something to say and her authoritative voice may reflect her senior ranking in cadets. She has achieved the highest rank, which is CPO. Darlene will be attending Ryerson next year to study Graphic Arts Management.

**DAVE EDWARDS**

Dave's ambitions lie in the direction of a business course at Wilfred Laurier. It may be just as well since he, Mr. Strange and English never got along well anyway. His stimulating classroom comments and natty dress were the hallmarks of his five-year career.

KELLY ELIE

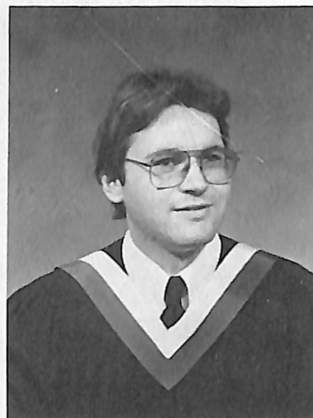

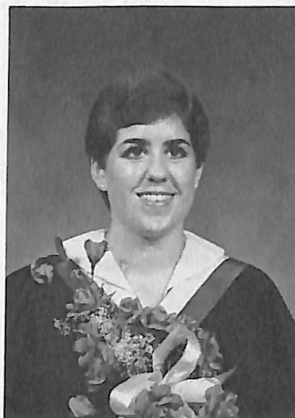

Kelly is a very quiet person until you get to know her, then, she is quite outspoken and friendly. She enjoys roller-skating and bowling. This summer she plans to drive around in her 1983 Firebird. In September, she is going to college to pursue a career as a travel agent.

**ROBIN FARRAR**

Robin, our "Suzy Sweatsuit", has spent five years denying she writes the hit list for her dad. Robin was the popular "blonde" for the cheerleaders. She was one-half of the Robin/Patricia booster club which brilliantly decorated the halls of S.C.I.&T.S.

LYNN PARKINSON

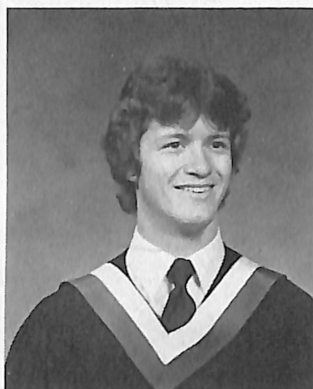

Lynn was a new addition this year from Central. She became the official pen supplier for Mr. Burrow's class. She'll never forget Mr. — what's his name? Lynn had the day-two drags — the alarm just never seemed to go off. Lynn has plans to attend Western next year.

**CHRIS PENWARDEN**

Chris (alias Kenny Norton) is known for his athletics and his academic skills. Chris hopes to become a computer scientist and hopes to make a better world for all mankind, or at least make it through university to get an interesting, well-paying job in the computer world.

JOHNA PLATA

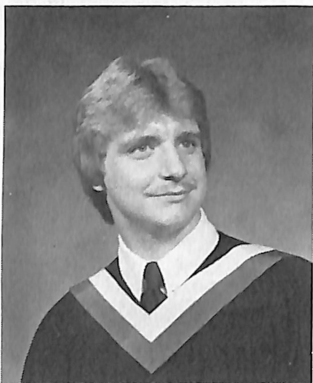

J.P. Lata can often be seen roaming the halls as one of the "guys". Johna's friendly personality has won the honour of "queen of the chest club". She is the only girl who would go out with a "Toad" hoping that he will turn into a prince. Johna will come out smelling like "roses" at anything she tries.

**DARRYL POLE**

Darryl is famous for eating his dessert before his lunch. Known as "Baby-Face" to his friends, he has no ambitions other than to be an Electrical Engineer and retire at twenty-one. Waterloo . . . Beware!

SUE PREESE

Sue has been so quiet you might not have even noticed her in your class but she's been there. She will be continuing her education with a business administrative course at Lambton College next year.

**JIM PRETTY**

Jim is not just another "pretty" face. He's been a four-year honour grad at S.C.I.&T.S. That's "pretty" remarkable! He plans to further his education at Lambton next year in Electronic Engineering. This year you'll see J.P. cruising in his souped-up Delta 88.

CHRIS RICHARD

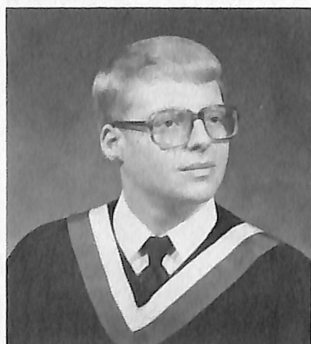

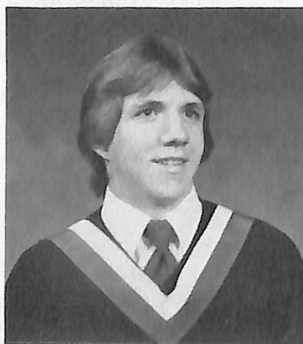

Chris was our resident Big Mac slinger. Although her work kept her busy, she always found time to tutor in Mr. Carnegie's room at lunch. Next year, she can be seen at Fanshawe with calculator-in-hand and we know she'll succeed at whatever she attempts.

**MARLENE RIZKALLAH**

Marlene has come to us from Central and what a blessing she is. She has put forth her best efforts in the Drama club, the Revue, and senior volleyball. She is going to knock them dead at Western where she intends to study Medicine.

LARRY ROBERTS

Larry has no ambitions in life, but looks forward to becoming a teacher. Larry's hobbies include chasing after grade nine girls. He plans to continue this pastime at Lambton next year.

**DARBY SHAW**

Darby is your basic shy guy, who blushes at everything. Being one of the top Chemistry students, he plans on studying Systems Design Engineering at Waterloo or Mechanical Engineering at the Royal Military College.

CHERYL SIMPSON

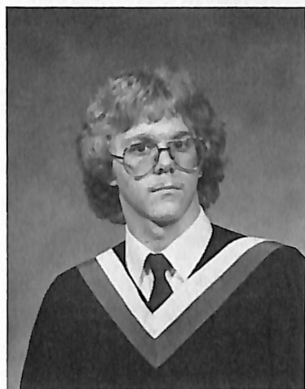

Cheryl is known for her expressive blue eyes, cornless feet, and a mind of Norwegian wood. More commonly known as "Crush", she can always be found at a flashing red light or your local donut shop. She would like to become a policewoman to use up some of her tickets which she has yet to pay.

**WANDA SITTER**

Wanda is that quiet girl in Calculus that nobody knows anything about. She is another import from Central who adapted easily to life and students at SCITS. Lambton College is holding a place for her in their computer course we hear.

PAUL SOWERBUTTS

Paul can usually be found with his girlfriend, Peg. These two are almost inseparable. Paul can always be seen wearing his "Dazed and Confused" shirt along with his jean jacket. Paul is better known as "Sweetbuns" by many of his friends.

**CAROL SPIVEY**

Carol is our "little" grade thirteen pal who is otherwise known as the Florida "burn victim". When she is not making figures at Bob's garage, Carol uses her own to attract Chris. Next year, Carol plans to attend university and major in Accounting.

ARLENE STRUTHERS

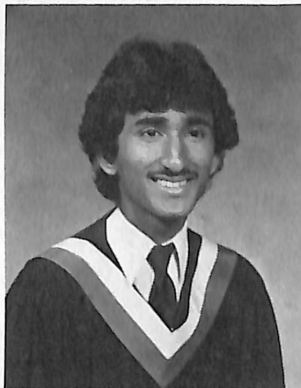

Arlene plans on pursuing a career in nursing so she will be able to play with doctors and "slings" at the same time. Famous among her friends for her fuchsia nylons, Arlene is known to brighten anyone's day.

**PATTY TOWLER**

Patty, alias Doorknob, was known for her tall voice and short body. Eventually, she wants to become a kindergarten teacher so that she can feel tall. Wherever Patty goes, a cheerful smile is sure to be found.

TRACY TUNBRIDGE

Shy Tracy will be furthering her career of acting and will be taking Drama and Theatrical Arts at Sheridan College. Talking to Tracy is like trying to get a straight answer from a drunk.

**JOHN VARGHESE**

"Gesser" spent the latter half of the year at St. Clair, although no one noticed until he told us. John enjoys bar-hopping (high jumping) and doubles as the bar. John plans a career in business at Western.

SANDI WHITING

Sandi seemed to have a problem keeping her shirts clean during the day, especially at meals. (No problem with the pants, however.) Her future is uncertain. She has interests in X-ray work at Fanshawe, or some university course or, would you believe, a Bible Seminary.

**LORI WORKMAN**

Lori wanted to go to St. Clair College so badly that she was willing to bare it all. They were obviously pleased with her work, as she was offered admission into their Dental Assistant program. Lori can be seen walking through the halls in a panic saying "I'm not writing that test! No way! Forget it!"

BEV FERRIS

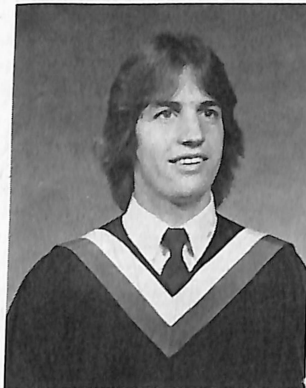

Bev spends most of her time denying that Johnny B. had anything to do with the "burns" on her neck. When not doing that, she is usually busy denying that she had anything to do with the "burns" on B.'s neck. Bev plans on a career in computers (and burn treatment) at Waterloo.

**JOHN FOWLIE**

"Johnny B." or "Conehead", as he is better known, spends his time helping Bev burn her neck with her curling iron. Searching for the "tidy-bowl man" at Craig's house is another one of John's pastimes. John's ambition is to stay up longer than Craig. He is also a member of the Hangar Birthday club.

CRAIG GERMAIN

Craig's (alias "Eggy-Pop"), favourite food is Spangle's roast beef. When Craig is not eating roast beef, he is trying to grow his eyebrows back. His favourite pastimes are passing out at parties and getting painted by his "friends". Craig is also a member of the Hangar Birthday club.

**BOB BLADWISH**

Bob can usually be found playing in the mud on his ATC or cruising Canatara in his dad's convertible. Bob spends a lot of time hustling the girls in accounting. He still hasn't found Miss Right. That may be his ambition at college next year.

LEAH HALL

Leah seems to have picked up a new shadow this year and has grown apart from the rest of us. Leah was president of the G.A.A. this year in order to give Kyle a run for male athlete of the year. Leah plans to study Phys. Ed., men, and basketball at Toronto.

**KAREN HART**

Karen hopes to become so rich that she will be able to buy enough film to take pictures of all her cats. Karen enjoys coming up with profound statements during Mr. Strang's English class. She plans to settle down and have a "litter" of her own.

LISA HAYWARD

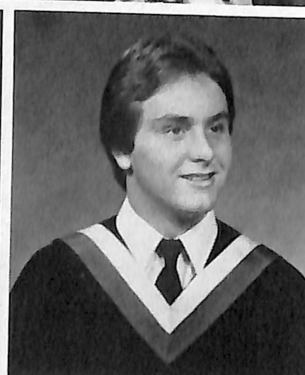

This year Lisa gained quite a reputation. First, for true life ambition of someday playing with Wayne Gretzky and secondly, for her "cute" jokes. For the next few years though, Lisa will be enlightening others around her at Brock University because Sir Isaac wants her.

**LAURA HIBBERD**

Laura's nickname, "Skipper", came about in grade thirteen because of her hobbies. Laura loves to skip accounting (and anything else) to go to the library and sleep. Her favourite saying seems to be "Farrar again!". Laura's ambition is to pass accounting.

KAREN JEFFERY

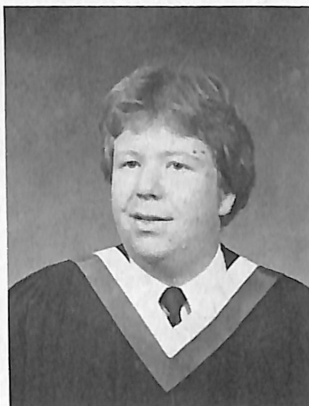

Karen turned down WOSSAA after a second place finish in the 3000 M run (there were only two runners). Karen plans to attend Toronto University for Phys. Ed. in the fall.

**MIKE KILBY**

"Eke" is one of our "average" students (at least 90%). The only person who can prove a math teacher wrong also likes going to Florida and picking up his cousin's girlfriend. Junior Councillor Kilby plans to attend Waterloo for Engineering next fall. Mike plans on taking his magic act with him.

CINDY KINGSTON

Cindy, after completing five years of high school in four, finds herself as a member of the graduating class of 1983. She plans on furthering her education but is not sure to which of Canada's provinces this will lead her. Her goal is to become a pharmacist.

**RON LAPIER**

"Scrawny" or "Ernie" has enlightened us all this year, especially during the Revue. Ron hopes to become so rich some day that he can afford to have both sides of his car fixed. Ron hopes to study Engineering and football (or the bars) at Western next year.

PATRICIA LEAVER

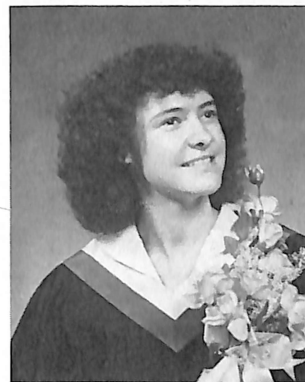

Sasha has been a cheerleader for the past four years. If she was not at home vigorously studying, she could be found at Sidelines. Patricia was the other half of the Robin/Patricia booster club. She hopes to pursue a career in business.

**MARY LOOSEMORE**

Mary has found that her marks have improved greatly this year, especially since she's been dating a student teacher. Mary enjoys hanging out with the "tools" at Eaton's (she works in hardware). Mary plans to pursue a career in business next year.

JUDY LUCKHAM

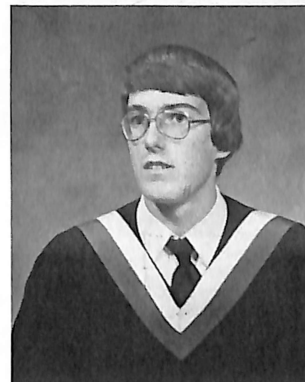

Jude is best known at S.C.I.&T.S. for her bud voice. This quality has endeared her to the Drama club. Her hobbies include announcing at C.H.O.K. and slinging chicken at K.F.C. Her goals include completing a course in Radio Broadcasting at Fanshawe and eventually becoming a television news reporter.

**JILL MARSH**

Jill is most famous for her "Peter Pan get-away boots". She will always be seen with her daily can of apple juice. This gives her the energy to last through the day. Jill's goal in life is to travel or just to get around, whichever comes first.

STEPHEN MARTINDALE

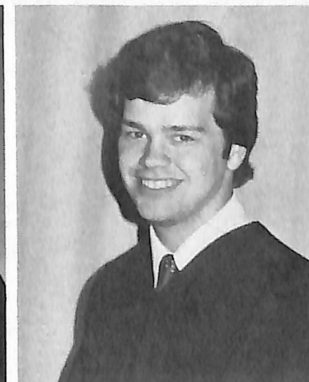

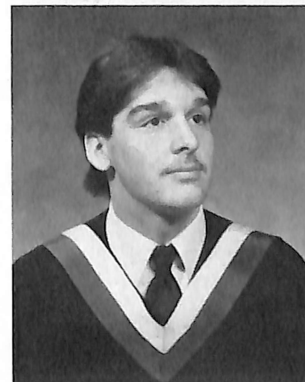

"Wink" is the only guy in Fuctions who laughs at "P.R."s jokes and his marks reflect it. Another Central import, Steve spends most of his time denying that he looks like Mr. Scott. Steve hopes one day to be the host of "Tic Tac Dough". Steve will succeed in anything and everything he chooses.

**MARY McBETH**

Mary has "attended" S.C.I.&T.S. for five years. She has been involved in many "extra-curricular" activities. For her final year, Mary was involved in cheerleading and badminton. Mary plans to go on to university next year and pursue a career in Bio-chemistry.

CHRIS McGRATH

"Tug" has a unique attitude towards school. If they gave marks for days absent, he would be an "A" student. Chris decided to move his chemistry class to Spangles, where he has volunteered to see how many upside-down Kamikazees one can stomach in fifteen minutes.

**PETE McPHEDRAN**

Pete spends most of his time building TV decoders. (We didn't have the heart to tell him that "ON" has gone "off".) When not doing that, Pete can be seen flashing (with his camera). Pete plans to build a robot to replace Mr. McCahill.

IKINGS IRISH LANCERS COLTS VIKINGS

When the crowd shouted "Scits is number one" from the stands this year, they were never more correct! Our Big Blue Bombers remained unbeaten during the season and captured the senior football title by downing the St. Clair Colts 29-4.

A lot of hard work and dedication went into this year's season by both the players and the coaches, and they were rewarded in the end, by Scits' first championship in 10 years!

Our offence, led by Mark McGugan, was high scoring and tough to stop. Our "Pac-man" defence never had more than one touch down scored against them in a game.

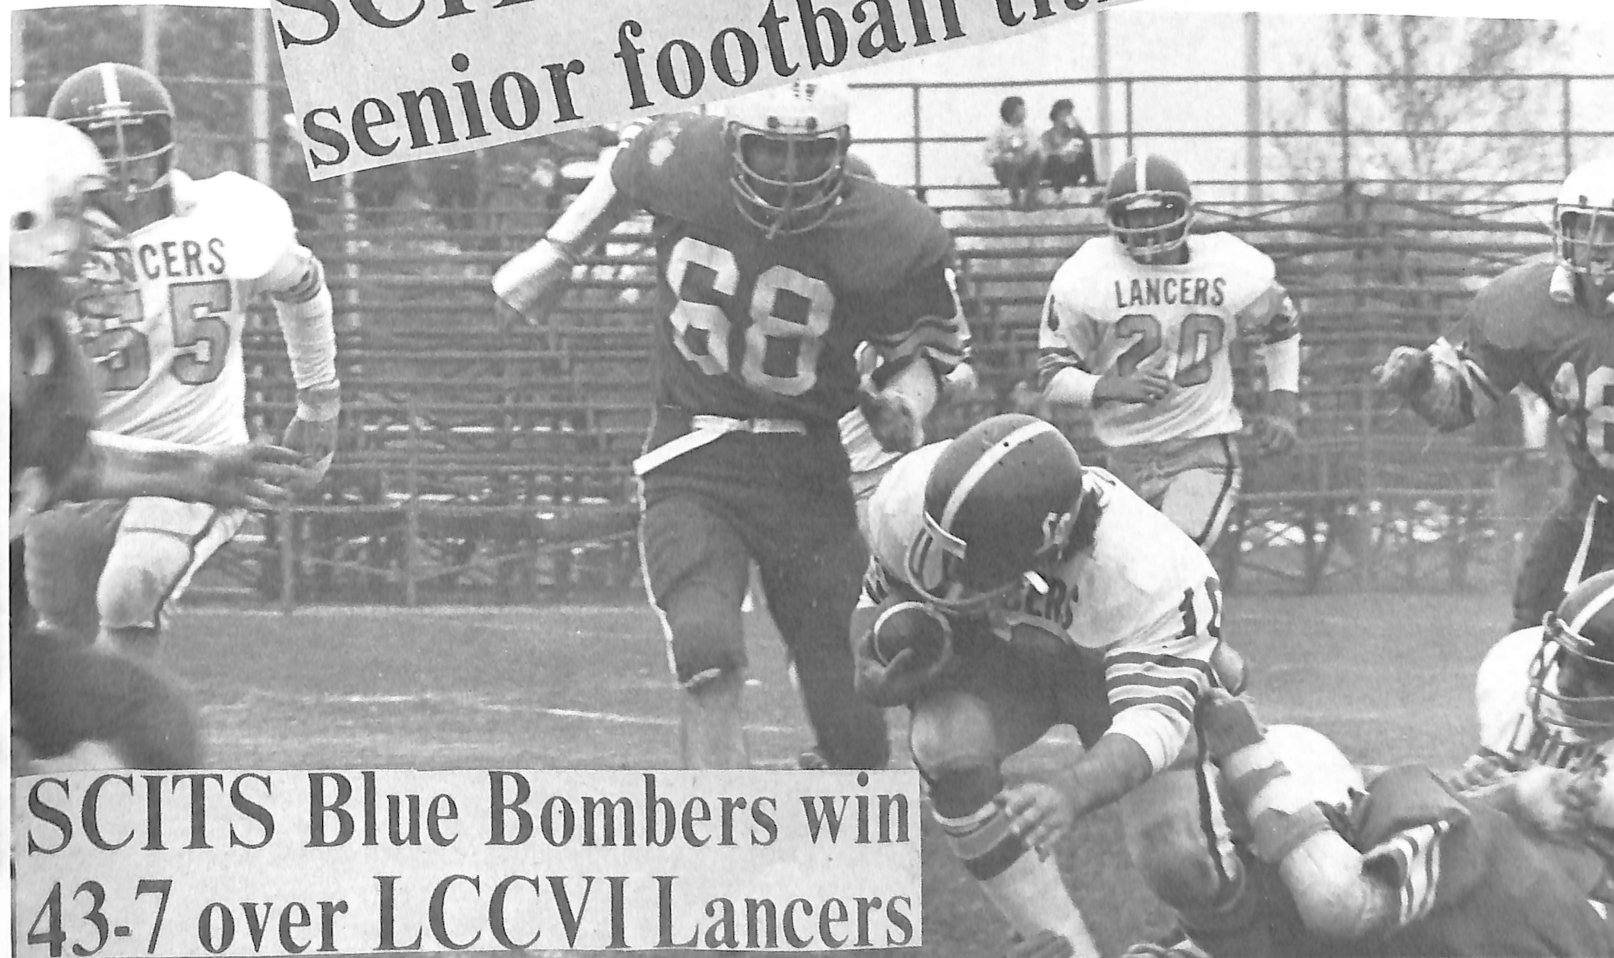

Our "Awesome" team consisted of many stars this year, each offensive and defensive player can take credit for a tremendous win. Fantastic coaching was also an important factor, and our coaches gave it their all.

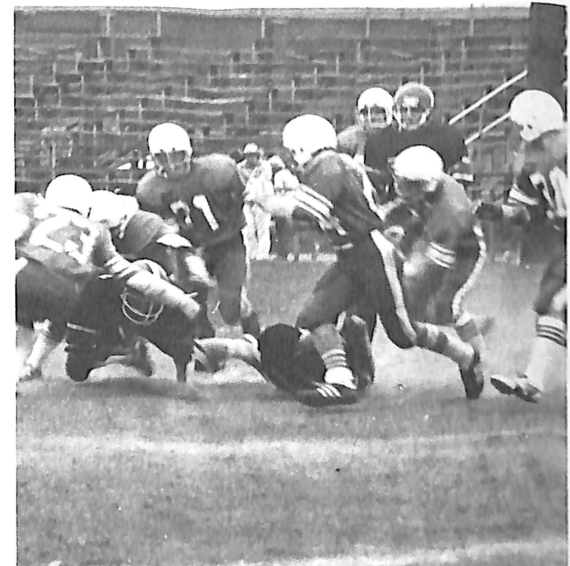

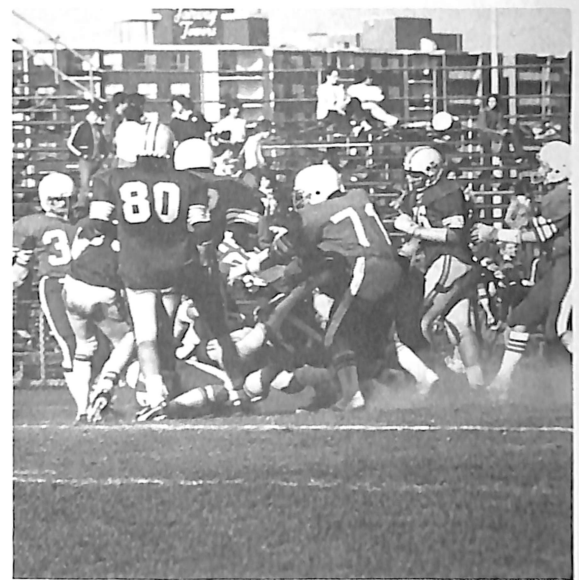

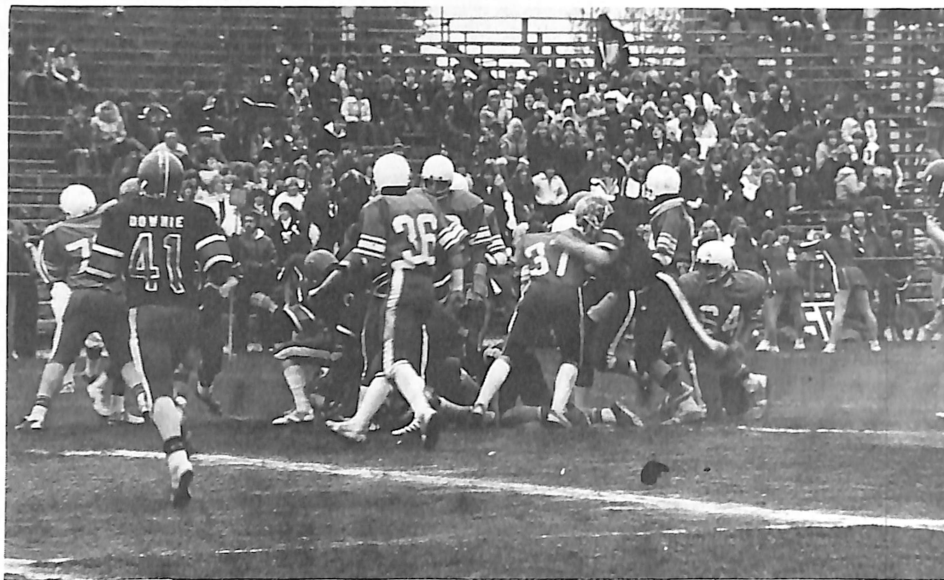

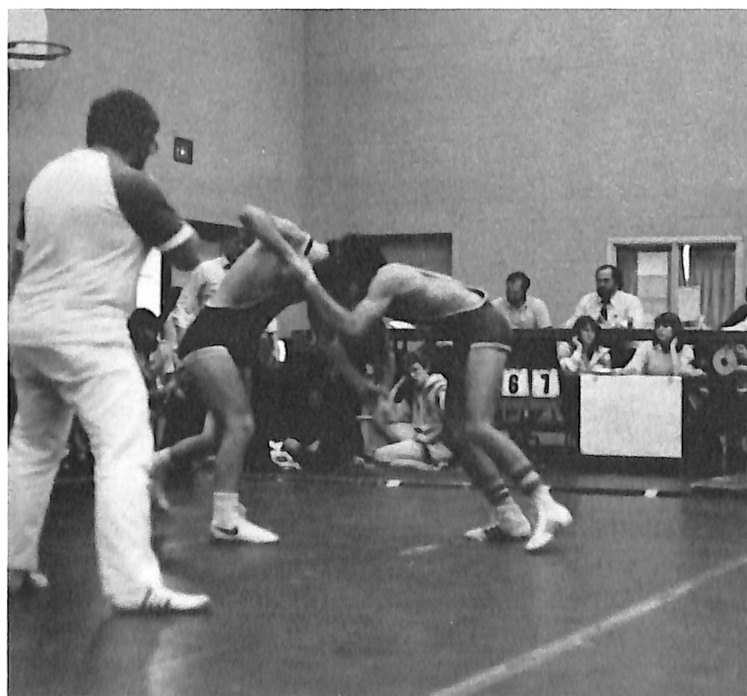

**SCITS remains unbeaten

The 1983 campaign was very successful in that the SCI&TS wrestling team captured top honours in five major tournaments.

At the WOSSA tournament seven wrestlers placed first or second to advance to All Ontario Championships.

The wrestling team would like to thank all those who supported the team this year.
